Notice to the Hong Kong shareholders of Harmony Portfolios Europe Growth Fund and Harmony Portfolios Global Growth Fund

Capitalized terms used herein shall have the same meaning as defined in the Hong Kong Offering Documents ("Offering Documents")

Luxembourg, 23 June 2025

Dear shareholder,

The board of directors of the SICAV (the "**Board of Directors**") has decided to proceed with the merger by absorption of Harmony Portfolios Europe Growth Fund (the "**Absorbed Sub-Fund**") into Harmony Portfolios Global Growth Fund (the "**Receiving Sub-Fund**") (the transaction hereinafter being referred to as the "**Merger**"), in accordance with article 1(20)(a) of the law of 17 December 2010 on undertakings for collective investment, article 26 of the articles of association of the SICAV (the "**Articles**") and with the terms set out in the Offering Documents.

In this context, the Receiving Sub-Fund will absorb the Absorbed Sub-Fund (together referred to as the "**Merging Sub-Funds**") on or around 31 July 2025 (the "**Effective Date**").

This notice describes the implications of the contemplated Merger. Please contact your financial advisor if you have any questions on the content of this notice. The Merger may impact your tax situation. Shareholders should contact their tax advisor for specific tax advice in relation to the Merger.

2. Background and rationale for the Merger

The investments of the Absorbed Sub-Fund have a bias to investments in Europe and the shares of the Absorbed Sub-Fund are available in EUR. The Absorbed Sub-Fund is not expected to attract significant inflows in the future as research from the distribution chain indicates that many investors would prefer a more global asset allocation available in EUR. The Receiving Sub-Fund has a global allocation, with a bias to the United States of America which is in line with global exposures and also has share classes available that will hedge the global exposure to EUR. The assets under management of the Absorbed Sub-Fund have been steadily reducing over the last 2 years and are likely to reach a level that no longer permits an economically reasonable management in the near future. Both Merging Sub-Funds are managed by Momentum Global Investment Management Limited.

In light of the above, the Board of Directors believes that it is no longer in the interest of the Absorbed Sub-Fund's shareholders to continue running the Absorbed Sub-Fund. Rather than closing the Absorbed Sub-Fund, the Board believes that it is in the interest of its shareholders to merge the Absorbed Sub-Fund into the Receiving Sub-Fund.

3. Impact of the Merger on shareholders of the Absorbed Sub-Fund

For the shareholders of the Absorbed Sub-Fund, the Merger will result in such shareholders being, from the Effective Date, shareholders of the Receiving Sub-Fund. The Absorbed Sub-Fund shall be dissolved without going into liquidation on the Effective Date.

The Merger will be binding on all the shareholders of the Absorbed Sub-Fund who have not exercised their rights, within the timeframe set out in Section 9 below.

The shares of the Absorbed Sub-Fund will be cancelled on the Effective Date and shareholders of the Absorbed Sub-Fund will receive in exchange shares of the Receiving Sub-Fund.

To facilitate the Merger, the portfolio of the Absorbed Sub-Fund will be rebalanced ahead of the Merger during a period of five (5) business days starting thirty (30) days after the sending of the notice to the shareholders. During such period, please note that the Absorbed Sub-Fund may not adhere to its current investment objective and policy temporarily in the process of portfolio rebalancing. For practical reasons, any rebalance may not fully replicate the assets of the Receiving Sub-Fund. The focus of any rebalance will be to align the geographical bias of the Absorbed Sub-Fund with the investment objective and policy of the Receiving Sub-Fund.

The estimated costs to be incurred by the Absorbed Sub-Fund in rebalancing the portfolio will represent less than 0.2% of the net asset value of the Absorbed Sub-Fund but may be higher or lower depending on actual results. To ensure fair treatment to all investors in the Absorbed Sub-Fund, a provision for the estimated costs of rebalance will be made in the Absorbed Sub-Fund as of the date of this notice.

4. Impact of the Merger on shareholders of the Receiving Sub-Fund

Upon implementation of the Merger, shareholders in the Receiving Sub-Fund will continue to hold the same shares in the Receiving Sub-Fund as before and there will be no change in the rights attached to such shares. The implementation of the Merger will not affect the fee structure of the Receiving Sub-Fund.

The Merger is not expected to have any impact on the Investment Policy of the Receiving Sub-Fund, which will continue being implemented in accordance with the provisions of the Offering Documents. Hence, it is not expected that any rebalancing of the Receiving Sub-Fund's portfolio

Luxembourg Trade Register Number B 161934

will need to be carried out after the Effective Date. . After the Effective Date, there will be no changes to the investment objectives or policy of the Receiving Sub-Fund unless prior notice is given to investors.

5. Impact of the Merger on shareholders of the Merging Sub-Funds

The Merger will be binding on all the shareholders of the Merging Sub-Funds who have not exercised their right to request the redemption or conversion of their shares, free of charge, as set out in Section 9 below.

6. Comparison of the key features of the Merging Sub-Funds

The main characteristics of the Merging Sub-Funds, as described in the Offering Documents and in the respective key facts statement (“KFS”) are similar as shown in this section below and will remain the same after the Effective Date.

(a) Investor protection and rights

The Merging Sub-Funds are sub-funds of the same entity and will therefore benefit from equivalent investor protections and rights.

(b) Investment objectives and policy

Shareholders should note that the Merging Sub-Funds have different geographical bias and base currency and almost identical investment objective, investment policy, valuation day and dealing day. The other important features between the Merging Sub-Funds such as the global risk exposure, the investment restrictions, the profile of typical investor or the risk factors are identical. Share classes are available that are hedged to EUR in the Receiving Sub-Fund to facilitate the difference in base currency.

currency (US Dollar). The Fund's portfolio may have exposure to currencies outside of the base currency, either on a direct or indirect basis. For example, via a collective investment scheme investing in Global Equities. Some of this exposure will be currency hedged such that over three quarters of the Fund's currency exposure is to the US Dollar. The currency exposure will be estimated on a look-through basis using the exposures of the underlying holdings. In respect of the currency hedged Share Classes detailed above, the Company will hedge the portion of the Net Asset Value of the hedged Share Class that is estimated to be exposed to the US Dollar.

The US Dollar Share Classes are unhedged and will have a similar currency exposure to the Fund.

The Company will review hedged positions at every valuation point to ensure that (i) over-hedged positions do not exceed 105% of the Net Asset Value of the hedged Classes and (ii) under-hedged positions do not fall short of 95% of the portion of the Net Asset Value of the hedged Classes which is to be hedged against the currency risk.

The performance of hedged Share Classes aims to be similar to the performance of equivalent Share Classes in base currency. There is no assurance however that the hedging strategies employed will be effective in delivering performance differentials that are reflective only of interest rate differences adjusted for fees.

Where undertaken, the effects of this hedging will be reflected in the Net Asset Value and, therefore, in the performance of such additional Share Class. Similarly, any expenses arising from such hedging transactions will be borne by the Share Class in relation to which they have been incurred.

Collateral received in connection with currency hedging transactions (and in particular currency forward transactions) on behalf of currency hedged Share Classes, may be reinvested, in compliance with the applicable investment policy and restrictions of the Funds.

It should be noted that these hedging transactions may be entered into whether the relevant Share Class currency is declining or increasing in value relative to the base currency and so, where such hedging is undertaken it may substantially protect Investors in the relevant Share Class against a decrease in the value of the base currency relative to the Reference Currency, but it may also preclude Investors from benefiting from an increase in the value of the base currency.

In addition, the Investment Manager may hedge the base currency against the currencies in which the underlying assets of the fund are denominated or the underlying unhedged assets of a target fund are denominated.

There can be no assurance that the currency hedging employed will fully eliminate the currency exposure to USD or other currencies held within the fund's portfolio.

Differences between the characteristics of the active share classes of the Absorbed Sub-Fund and the equivalent share classes of the Receiving Sub-Fund are underlined in bold.

*The on-going charges figure is based on the ongoing expenses for the period July 2024 to December 2024 annualised to June 2025 and expressed as a percentage of the sub fund net asset value as an average over the period.

The other fees and expenses to which the Merging Sub-Funds may be subject (i.e., management company fees, administration fee, depositary fee and other fees) are identical.

(e) Comparison of countries in which the Merging Sub-Funds are registered at the Effective Date

The countries in which shares of the Merging Sub-Funds are registered are the same.

(f) Rebalancing of the portfolio

As indicated above, a rebalancing of the Absorbed Sub-Fund's portfolio will be carried out prior to the Merger, during a period of five (5) business days starting thirty (30) days after the date of this notice.

(g) Risk profile

The Merging Sub-Funds both have a similar risk profile (i.e., risk of capital loss) and are exposed to the same risks apart from the differing geographical risks (i.e. Fixed Income Investments Risks, Sovereign Risk, Equity Investments Risks, Risk of Investing in Sub-Investment Grade and Unrated Instruments, Risk Associated with Over-the-Counter Transactions, Credit Risk, Currency Risk, Alternative Strategies Risk, Political and Economic Instability, Risks Associated with Hedging and Derivative Instruments, Illiquid Investments.)).

When calculating the risk profile at share class level (using historic volatility calculations), all EUR hedged share classes in the Receiving Sub-Fund have the same risk profile as the EUR share classes of the Absorbed Sub-Fund. The H USD share class of the Receiving Sub-Fund has a slightly higher risk profile in comparison to the H EUR share class of the Absorbed Sub-Fund. This is largely due to the currency difference but given similar strategic asset allocation and return volatility, we believe that the estimated risk levels are very similar on a forward looking, forecasted basis.

7. Criteria for valuation of assets and liabilities

The assets and liabilities of the Merging Sub-Funds will be valued as of the Calculation of share exchange ratios date i.e. 31 July 2025 in accordance with the provisions of the Offering Documents and the Articles.

The accrued income of the Absorbed Sub-Fund, for instance accounts receivables, accrued interest, and other investment related receivables, will be transferred to the Receiving Sub-Fund as part of the assets and liabilities of the Absorbed Sub-Fund.

8. Method of calculation of the exchange ratios

The share exchange ratios in respect of the share classes of the Absorbed Sub-Fund will be determined, on a per share class basis, by dividing the net asset value per share of the respective share class of the Absorbed Sub-Fund, calculated as of the Effective Date by the net asset value per share of the corresponding share class, expressed in the same currency, in the Receiving Sub-Fund as at the same date.

As the reference currency of the Absorbed Sub-Fund and its share classes is the same as the reference currency of the Receiving Sub-Fund's share classes (with the exception of class H), no exchange rate between the reference currencies of the corresponding share classes shall need to be applied in order to calculate the number of shares of the Receiving Sub-Fund to be issued on the Effective Date in exchange for the existing shares of the share class of the Absorbed Sub-Fund.

Class H of the Absorbed Sub-Fund has a reference currency of EUR, whereas the proposal is to transfer these shares to Class H of the Receiving Sub-Fund with a reference currency of USD. The EUR/USD exchange rate between the class H reference currency of the Absorbed Sub-Fund and the class H reference currency of the Receiving Sub-Fund will have to be applied in order to calculate the number of shares of the Receiving Sub-Fund to be issued on the Effective Date in exchange for the existing shares of the Absorbed Sub-Fund. The USD/EUR exchange rate used for this calculation will be the prevailing rate used in the net asset valuation of the Absorbed Sub-Fund on the Effective Date.

J.P. Morgan SE – Luxembourg Branch, as administrator of the SICAV, will be responsible for calculating the exchange ratios, as per above, and allocating the shares in the Receiving Sub-Fund to the shareholders of the Absorbed Sub-Fund.

In accordance with the above provisions, the respective net asset value per share of the Merging Sub-Funds as at the valuation point on the last business day immediately preceding the Effective Date will not necessarily be the same. Therefore, while the overall value of their holding will remain the same, shareholders of the Absorbed Sub-Fund may receive a different number of shares in the Receiving Sub-Fund than they had previously held in the Absorbed Sub-Fund.

9. Rights of shareholders in relation to the Merger

In case shareholders of the Absorbed Sub-Fund agree with the Merger and do nothing:

Shareholders of the Absorbed Sub-Fund as of the Effective Date will automatically be issued, in exchange for their shares in the Absorbed Sub-Fund, a number of shares of the corresponding class of shares of the Receiving Sub-Fund equivalent to the number of shares held in the relevant class of shares of the Absorbed Sub-Fund multiplied by the relevant exchange ratios which shall be calculated for each class of shares, as detailed in section 8 above.

Merger mapping by Share Class		
Harmony Portfolios Europe Growth Fund (Absorbed Sub-Fund)		Harmony Portfolios Global Growth Fund (Receiving Sub-Fund)
A EUR	MERGER 	A EUR (Hedged)
B EUR		B EUR (Hedged)
C EUR		C EUR (Hedged)
E EUR		E EUR (Hedged)
H*EUR		H USD

**Shareholders of class H of the Absorbed Sub-Fund should note that class H of the Receiving Sub-Fund is only available in USD, as a specific launch of a EUR Hedged share class at this time is uneconomic for investors. As a result, any shareholder in class H of the Absorbed Sub-Fund that elect to take no action will have their investment converted to USD as at the effective date of the merger.*

In case the application of the relevant share exchange ratios does not lead to the issuance of full shares, shareholders of the Absorbed Sub-Fund will receive fractions of shares up to two decimal places within the corresponding class of shares of Receiving Sub-Fund.

No subscription, redemption or conversion fee will be levied by the SICAV within the Merging Sub-Funds as a result of the Merger.

Shareholders of the Absorbed Sub-Fund will acquire the same rights as shareholders of the Receiving Sub-Fund from the Effective Date and will thus participate in any increase in the net asset value of the Receiving Sub-Fund going forward.

Since the Merging Sub-Funds are sub-funds of the same SICAV, the accrual process and valuation are the same for both sub-funds. In addition, accruals will be transferred in the Receiving Sub-Fund.

Shareholders of the Absorbed Sub-Fund which have not exercised their right to redeem or convert their shares free of charge, as described hereinafter, will exercise their rights as shareholders of the Receiving Sub-Fund as from the Effective Date.

In case shareholders of the Merging Sub-Funds disagree with the Merger and request redemption/conversion of their shares:

Shareholders of the Merging Sub-Funds not agreeing with the Merger will be given the opportunity to request the redemption of their shares, or, where possible, the conversion of them into shares of another sub-Fund of the SICAV that is authorised in Hong Kong for distribution to Hong Kong Investors.

In this context, redemption and/or conversion of shares will be processed without any charge other than those retained by the SICAV or the Merging Sub-Funds to meet disinvestment costs.

Shareholders of the Merging Sub-Funds will be entitled to exercise their aforementioned right to request the redemption or conversion of their shares until 11.00 Luxembourg Time / 16:00 Hong Kong Time on 23 July 2025.

10. Procedural aspects

Suspensions of dealings of the Absorbed Sub-Fund

In order to implement the procedures required for the implementation of the Merger in an orderly and timely manner, the Board of Directors has decided that subscriptions for or conversions to shares of the Absorbed Sub-Fund by new shareholders will no longer be accepted or processed as of the sending date of this notice. Subscriptions for or conversions into shares by existing shareholders of the Absorbed Sub-Fund will no longer be accepted or processed during a period of five (5) business days starting thirty (30) days after the sending of this notice.
